

# Apparel Manufacturing Technology

Accellar is a cost effective and quick implementation ERP software designed and developed by Fortude for apparel manufacturers and exporters.

Accellar effectively manages core processes in the following areas:

Merchandising

Cost Accounting

Inventory

Manufacturing

Shipment

Accellar is a proven technology in operation for over 10 years and already empowers apparel manufacturers in Asia including some of the top apparel and garment manufacturing companies in countries such as Bangladesh, India and Sri Lanka.

## Accellar Benefits
